Dr. Ioulia Rytikova

- Associate Professor at Applied Information Technology (AIT) department in Volgenau School of Engineering (VSE)

- Co-founder of Personalized Learning in AIT lab (PLAIT)
1st VSE Course in ALT Classroom

- IT 214: Database Fundamentals
  - Required undergraduate course
  - Covers two distinct database technologies areas:
    - Database modeling
    - Programming

- Academically challenging course as it requires higher-order thinking skills
Learning Is Art

- Powerful yet so mysterious

The London Symphony Orchestra
Shostakovich - Symphony No 5

Mstislav Rostropovich
How It All Starts

“Behind every great course there is an exhausted educator.”

Ioulia Rytikova
How It REALLY Starts

- Effective course design
- Efficient course organization
- Transparently defined path to success
- Personalization
- Active Dialog
Make Them Believe

“Up, Up, And Beyond… To Save The World!”
